ABOUT MONEY WHEELGAME

Money wheel is a one of the most popular fun games that is played in a casino. It is a large vertical wheel with 52 equally spaced colorful compartments divided with 7 different icons. Each icon has a corresponding payment odd.

AIM OF THE GAME

The winner of the game is determined on which compartment the indicator lands. Players will place their bets on their chosen symbol on the lay out and wait for the pointer to stop on that symbol after the wheel has been spun.

HOW TO PLAY

Players will place their wagers on the chosen symbol on the layout. After the Dealer announces "NO MORE BETS", the Dealer will spin the wheel for a minimum of 2 revolutions. When the wheel stops, the result will come out by determining the winning symbol on where the pointer lands.

These shall be arranged around the rim of the wheel.
